

Nourishing Community. Restoring Dignity. Building a New Way Forward. A Community Pilot Initiative of A NuVo World

OUR VISION

Feed NDG is the beginning of a new kind of community partnership model — one rooted in compassion, dignity, collaboration, and hope. Our mission is simple:

To ensure that individuals and families in NDG who are struggling financially have access to nutritious groceries and restaurant meals at no cost to them — through a growing network of local food partners, sponsors, donors, and community supporters.

We believe food is more than survival.

Food is:

- dignity,
- belonging
- family,
- mental and physical wellness,
- and community connection.

Feed NDG is designed to become a living example of what can happen when a community chooses to care for one another intentionally and collectively.

THE PILOT PROJECT

The initial Feed NDG pilot will focus on supporting approximately **25 NDG families and individuals** through partnerships with:

- Restaurants
- Grocery stores
- Bakeries
- Sponsors and donors

The goal is to create a sustainable and expandable ecosystem where:

- meals,
- groceries,

can be coordinated to directly support those in need.

This pilot is intentionally designed to begin small, operate relationally, and grow organically through trust and participation.

HOW THE MODEL WORKS

Community Food Partnerships

Local merchants contribute through:

- donated meals,
- grocery support,
- or gift cards.

Sponsors & Donors

Community sponsors help fund:

- groceries,
- meal purchases,
- operational costs,
- expansion efforts,
- and future infrastructure.

Family Support

Participating families receive assistance quietly, respectfully, and without stigma. Feed NDG is committed to preserving dignity above all else.

WHY NDG?

NDG has always been known as a diverse, caring, and deeply community-oriented neighbourhood. Yet many individuals and families are increasingly struggling with:

- rising food costs,
- housing pressures,
- social isolation,
- and financial instability.

Feed NDG seeks to unite local businesses, residents, organizations, and compassionate supporters into a collaborative response that strengthens the entire community.

OUR LONG-TERM GOAL

To develop a scalable community food-support model that can:

- expand across Montreal,
- be replicated in other communities,
- and ultimately become part of a broader vision known as **A NuVo World** — a movement focused on practical compassion, human dignity, and community restoration.

HOW YOU CAN HELP

We are currently seeking:

FOUNDING FOOD PARTNERS

Restaurants, cafés, bakeries, grocery stores, and food retailers.

FOUNDING SPONSORS

Businesses, organizations, and individuals who believe in community-driven change.

COMMUNITY CONNECTORS

People willing to help build partnerships, awareness, and support across NDG.

TOGETHER, WE CAN CREATE SOMETHING EXTRAORDINARY

A community where fewer people go hungry.

A community where businesses become partners in compassion.

A community where dignity is restored one meal, one family, and one relationship at a time.
