

Food. Dignity. Community.

Vision

Feed NDG exists to help build a future where every family in Notre-Dame-de-Grâce has access to healthy food, dignity, and hope.

We believe food is not a privilege — it is a basic human right.

Our vision is to create a compassionate, community-driven model where grocery stores, restaurants, organizations, volunteers, and residents work together to ensure that no family in NDG goes hungry. Inspired by the growing movement toward food security and community collaboration in NDG, Feed NDG seeks to become a scalable model for communities across Montreal and beyond.

Mission

Feed NDG's mission is to initiate and expand a sustainable food service model that provides families in need with access to groceries and restaurant meals at no cost.

The initiative will begin by supporting approximately 25 families across NDG through strategic partnerships with local grocery stores, restaurants, food providers, sponsors, and community organizations.

As partnerships and resources grow, the program will expand steadily across the community — serving more families, reducing food insecurity, and strengthening human connection throughout NDG.

Primary Focus

Community Food Access

Feed NDG is focused on building a practical and dignified system where participating families can access:

- Healthy groceries
- Prepared restaurant meals
- Community food support
- Compassionate local services

Through collaboration with businesses and organizations, surplus food, donated meals, and community resources can be redirected toward families who need support most.

Pilot Program

The Feed NDG pilot program will:

- Launch with approximately 25 NDG families
- Develop strong local partnerships
- Create a simple and dignified food access system
- Build sustainable operational systems
- Expand gradually and consistently over time

The long-term objective is to establish a scalable model capable of expanding throughout Montreal and eventually into communities worldwide.

Why Feed NDG Matters

Food insecurity continues to rise throughout Montreal and NDG, with community food organizations experiencing overwhelming increases in demand.

At the same time:

- Restaurants often have surplus meals
- Grocery stores discard usable food
- Businesses want to contribute positively
- Community members are seeking meaningful ways to help

Feed NDG exists to connect these resources into one unified community effort.

Partnership Opportunities

Feed NDG welcomes partnerships from businesses, organizations, philanthropists, and community leaders who want to help create lasting impact in NDG.

Partnership Levels

Visionary Partner — \$500,000+

Founding Community Partner — \$250,000+

Transformation Partner — \$62,500+

Community Builder — \$25,000+

Neighbourhood Partner — \$10,000+

Supporting Partner — \$5,000+

Local Impact Partner — \$2,500+

Community Friend — \$1,000+

Grassroots Supporter — \$500+

Invitation

Feed NDG is more than a food initiative.

It is the beginning of a new community model rooted in compassion, dignity, and collective responsibility.

Together, we can help ensure that families across NDG have access to the food they need — and the hope they deserve.
